Skills

- **Programming**: Python, HTML, JavaScript, C
- **Data Wrangling and Processing Tools**: Altair
- **Database Management Tools**: MySQL, MongoDB

Education

Computer Engineering | KL University, Vijayawada
CGPA: 9.4 | Aug 2023 - June 2026

Diploma in Computer Science Engineering | BITT Getlatu, Ranchi
Percentage: 84% | 2023

Experience

Intern/Student Developer
BSNL/University Project
Bhagalpur
Month Year – 02 nov -29 nov2022

- **Programming Languages**: Developed applications using Java, Python, and JavaScript, showcasing versatility in multiple general-purpose programming languages.
- **Unix/Linux Environments**: Utilised Unix/Linux systems for development, debugging, and deployment, ensuring efficient and robust software operations.
- **Data Structures & Algorithms**: Applied knowledge of data structures and algorithms to optimise performance and solve complex problems.
- **Software Design**: Participated in software design processes, contributing to architectural decisions and design patterns to create scalable and maintainable software solutions.
-

Academic Projects

CloudPoint - APIs Based Weather Application
A Google Maps & Weather API-based application for real-time weather information on a map.

Personal Portfolio Website
Developed a personal portfolio website using HTML, CSS, and JavaScript.

Grocery Store Management
Created a full-fledged grocery store management system using Python, Flask, and MySQL.

Event Management
Developed an event management system using Python, Django, and MongoDB.
